

Name: _____ Period: _____ Date: _____

Electron Configuration Exit Quiz – Teacher Edition

1. Give the electron configurations for the following elements:

a. Beryllium

b. Fluorine

c. Argon

2. Draw the electron configurations for the following elements:

a. Nitrogen

b. Magnesium

c. Chlorine

Electron Configuration Exit Quiz – Teacher Edition

1. Give the electron configurations for the following elements:

a. Beryllium

Atomic number 4 = 4 electrons

2, 2

b. Fluorine

Atomic number 9 = 9 electrons

2, 7

c. Argon

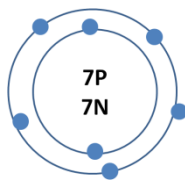

Atomic number 18 = 18 electrons

2, 8, 8

2. Draw the electron configurations for the following elements:

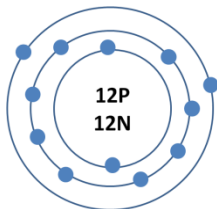

a. Nitrogen

7 electrons 2, 5

b. Magnesium

12 electrons 2, 8, 2

c. Chlorine

17 electrons 2, 8, 7
