

Observation Inference Quiz

Directions:

Write an "O" if the statement is an observation. If it is an observation write whether it is a qualitative observation or quantitative observation.

Write an "I" if you think it is an inference.

1. The table is brown. O, qualitative

2. Flowers will bloom in the spring. I

3. It is only 1.5 miles to the park. O, quantitative

4. It will be a fast car. I

5. There are four clouds in the sky. O, quantitative
